Why partner with the Mission?

You won't believe the impact serving at Seattle's Union Gospel Mission can have on your company. From fostering teamwork to raising morale, our corporate volunteers say we offer the easiest and most meaningful community service opportunity in King County.

At the Mission, we believe that relationship is key in all we do. We provide 24/7, 360-degree support services for homeless people in King County. Going where people live, we listen to their stories, and regularly connect with each person to provide emergency care and invite them into our recovery programs.
