

Intern/Vested Volunteer Application

Volunteers who are interested in high capacity, regular, and ongoing service are referred to as being “vested” in the work of the Mission. A **Vested Volunteer** is passionate about serving in a specific program area, has the skills and availability to serve in that area, is willing to commit to serving on a regular, ongoing basis, and is willing and able to get the additional training as needed.

Interns come to the Mission via colleges and other educational institutions, work study programs, and other programs seeking specific work training and experience. Mission internships are designed to serve the needs of both the intern and the program where the intern serves. Mission internships are unpaid.
