I don’t think I would’ve gotten as far as I have without KentHOPE. I don’t know of any other places like it anywhere, and especially as nice as it is, it’s like home.”

— FORMER KENTHOPE GUEST

Offering and inviting women and women with children to stable pathways out of homelessness

KentHOPE is a ministry of Seattle’s Union Gospel Mission

“SEATTLE’S UNION GOSPEL MISSION
“A Home for Every Heart”
GUESTS SERVICES
KentHOPE welcomes guests (with or without children) into a warm, safe, and loving environment. We welcome our guests by building relationships and providing services, including:

- A warm and safe place to stay
- Showers, laundry, hygiene items, and clothing rooms
- Meals
- Case management
- Referral and resource assistance
- Housing application and job readiness assistance
- Mail service, bus tickets, phone and computer access
- Morning devotion, bible studies, and church

The following programs serve women with or without children:

Our Enhanced Shelter Program helps stabilize women who are struggling with homelessness. We help them overcome trauma, substance abuse, mental health disorders, medical conditions, job loss, and more.

Our Bridge Recovery Program is a 3-6-month, benchmark-driven addiction recovery program. It is designed to help women learn healthy pathways in recovery, through case management, church, recovery support groups, and bible studies.

Our Link Program is a clean and sober residential program designed to help women seek and maintain employment or education. While in the program, they are able to save funds for stable housing, receive Christian discipleship, case management, life skills, and more.

Our Recovery Program at Hope Place is a 12-month residential recovery program designed to help women (with or without children) break free from destructive behaviors and relationships through the power of Jesus Christ. We emphasize a skills-based and relational approach to healing.

Our Extended Care Program at Hope Place offers impactful care to women (with or without children) coming out of the hospital who need a safe place to stay, with medical treatment, but have nowhere to go.

YOU CAN GET INVOLVED!

There are many ways you can get involved, from volunteering your time, to making meals, teaching classes, donating goods and services, making financial donations, and more.

They often show up on our doorstep hurt, traumatized, and lost. We want to show them that we love them and care about them.”
